Attention Customers: We at Jalapeños believe your dining experience begins in our kitchens before it reaches you at the table. With the many changes the hospitality industry is facing, everything from minimum wage increases to federal tip sharing laws changing, we've decided to implement a 2% Kitchen Service Charge on all Dine-in, Take-out, and Catering food and beverage sales. This 2% will be evenly distributed to all qualifying members of our kitchen staff, as we feel they are just as important to your dining experience. Voluntary tips added by the customer will continue to belong to our Front of House Staff.
